Art Unit: 2871

REASONS FOR ALLOWANCE

1. Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a liquid crystal display device comprising a combination of various elements as claimed, more specifically, the liquid crystal display device having a defined value for d/p between 0.0021(Vmax)²-.0458(Vmax)+0.65 and 0.0021(Vmax)²-0.0458(Vmax)+0.50, and said liquid crystal display device having a defined value for d.Δn/λ between -0.00026(Vmax)³+0.016(Vmax)²-0.2281(Vmax)+2.124 and -0.00026(Vmax)³+0.016(Vmax)²-0.2281(Vmax)+1.7603, where d/p is a ratio of a thickness d of the liquid crystal layer to a natural twist pitch p of a liquid crystal, Vmax [V] is a maximum applied effective voltage across the first electrode and the second electrode, and An is a refractive anisotropy of the liquid crystal layer.

Raynes ('753) discloses a liquid crystal display device comprising a particular relationship between a total retardance and operating voltages, however, Raynes fails to disclose/suggest particular parameters and relationships as recited in claim 1 above.

Plach ('798) discloses a liquid crystal display device comprising particular parameters of the $\Delta n.d$ and d/p, however, Plach fails to disclose/suggest particular parameters and relationships as recited in claim 1 above.

Application/Control Number: 10/654,403

Art Unit: 2871

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

CONCLUSION

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

CONTACT INFORMATION

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Toan Ton whose telephone number is (571) 272-2303.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
